

Know what's going around your kid's school before it hits your house.

The free, anonymous health radar made by parents, for parents.

REAL-TIME UPDATES FOR

Stomach bugs

Flu

Lice

Covid-19

Strep

Ringworm

Pink eye

Pinworms

RSV

Common cold

HOW IT WORKS

01

Parents log a symptom

Takes 10 seconds. No names, no doctor notes needed.

02

Ickly maps the signal

See real-time trends for your exact school and neighborhood.

03

You make your next move

Stock the pantry, swap playdates, or prep for the week ahead.

Scan to follow your school for free.
